

Age Groups & Class Levels

The classes on our timetable are determined by the student's age at the 1st of January, 2016.

Please use the style and age/school year columns below to determine which class your child will be in.

Some existing Ignite Dance Co. students MAY fall into a different class as to what is listed. All new students must go into their according class.

**You will find that some age brackets will overlap to provide some flexibility. Classes may differ slightly, so please check with a staff member to see which class would best suit your family and your preferences.*
